Health and Well-being, and Protection Insurance Eligibility

YOUR ELIGIBILITY

Full- and part-time employees, regularly scheduled to work 20 or more hours a week, are eligible to participate in Health and Well-being, and Protection Insurance programs.

YOUR DEPENDENTS' ELIGIBILITY

If you're eligible, your dependents may be, too. Eligible dependents generally include:

Your legal spouse (not including your divorced spouse) or domestic partner.

- To cover your domestic partner, you and your partner must:
 - Be at least 18 years old,
 - Share a committed and exclusive relationship for at least six months,
 - Not be married to another person,
 - Not be related by marriage or blood, which would otherwise prohibit legal marriage in the state of residence, and
 - Live together in the same household.

Your dependent children until the end of the year in which they turn 26 which include.

- Biological children
- Adopted children
- Stepchildren
- Foster children
- Children placed in your care by court order/ legal guardianship

For details about each plan's eligibility, review the [Summary Plan Descriptions](#).

VERIFYING YOUR DEPENDENTS

We conduct dependent eligibility verifications each year (in February and July) through our contracted partner, HMS-Gainwell. This ensures that any newly added dependents for medical, dental and vision coverage meet plan requirements and helps our plans remain compliant. Covering a dependent who does not meet the eligibility criteria, intentionally or unintentionally, may result in disciplinary action, up to and including termination of employment.

If you enroll a dependent in a Dun & Bradstreet medical, dental or vision plan, you'll receive a letter in the mail from HMS-Gainwell asking you to submit documents (such as birth or marriage certificates) for each enrolled dependent. Please ensure you submit verification by the required deadline so your dependents maintain coverage. If you don't submit documentation within the time frame, your dependents will be removed from coverage on the first of the month following the deadline.

[Click here](#) to learn more about the Dependent Eligibility Verification process. If you have questions regarding the verification of your dependents, please call HMS-Gainwell at 1-877-362-8953 (select Health & Insurance, Dependent Verification) Monday through Friday, 8 A.M. to 8 P.M. ET.

Health Care Accounts

When you enroll in a health care account, the money you contribute is taken out of your paycheck on a before-tax basis—you save even before you head to the doctor.

WHICH ACCOUNT IS RIGHT FOR YOU?

There are several differences between the Health Savings Account (HSA) and the Health Care FSA (HCFSA), including your flexibility in contributing and the ability to keep your unused balance. HSAs are not available to everyone, so be sure to review IRS eligibility restrictions carefully as there could be tax implications. Review detailed plan differences in the table below:

Here are the key differences between the HSA and HCFSA for 2026:

Swipe to Cover Health Care Costs

If you enroll in either health care account, you will receive a WEX debit card that makes paying for eligible expenses convenient. When you use the card, expenses are deducted directly from your health care account. As with all health care expenses, remember to keep good records of your transactions to ensure you can support that the expense was eligible.

Avoid Debit-card Deactivation

FSA debit card transactions may require you to provide documentation. If you need to provide documentation, you'll receive an email from WEX. If you don't provide timely documentation, your FSA debit card will be deactivated until you submit the necessary documentation. To learn more about this process, [click here](#).

Keep in mind that any balance remaining in an FSA at the end of the plan year will be forfeited, so plan carefully.

Complete Your Evidence of Insurability (EOI) Online

EOI is an application process in which you may have to provide information on the condition of your health or your dependent's health to the insurance carrier to be considered for certain levels of life coverage. You will be prompted in the [NetBenefits](#) system to complete an online form if you selected any amounts requiring EOI.

Securian Financial's underwriting department will review the information and let you know whether it is approved. You (or your spouse when electing Spouse Life) are not eligible for the requested level of benefits until Securian Financial has approved your EOI form. Once approved, you must be actively at work for any Life Insurance coverage to become effective.

DISABILITY INSURANCE

These benefits are intended to replace part of your income if you are unable to work due to a non-work related accident or illness. There are two elements of this coverage, which are designed to work together:

- Short-Term Disability (STD)
- Long-Term Disability (LTD)

Short-Term Disability (STD)

Dun & Bradstreet pays the full cost of your STD insurance. STD benefits are available when your disability results in your inability to work due to illness or accidental injury. The maximum length of STD benefits is 26 weeks. The salary continuation payment schedule (70% or 100%) is based on the number of years you have worked for Dun & Bradstreet.

Long-Term Disability (LTD)

LTD picks up when your STD has run out. If you can't return to work after 180 days due to an illness or injury, LTD can provide continued income for you and your family. While you hope to never use LTD, it is one of the most important benefits you can add to your portfolio.

How LTD Works

Coverage	60% of monthly earnings (minimum: \$100; maximum: \$15,000 per month)
Evidence of Insurability (EOI)	If you enroll during your enrollment window, EOI is not required.
Plan Costs	Premiums are based on your age and annual earnings and deducted on an after-tax basis.
Monthly Premiums	Log on to Fidelity NetBenefits to see your rates.

Note: If your disability is the result of a pre-existing condition during the first 12 months of coverage under the plan (a condition that was treated six months prior to the effective date of coverage), no LTD benefits will be paid until you have been covered under the plan for 12 consecutive months.
